

orange connection

Orange Connection Professional Host FAQs

What is Orange Connection?

Orange Connection is a unique, 1 ½ day, job shadowing opportunity that allows Wartburg College students to gain an insider's view into a career field of their interest, observe on-the-job activities, and participate in hands-on learning experiences in the workplace.

Why should I volunteer to be a host? You can:

- Connect and make a difference in the lives of talented students who are eager to learn.
- Share your career and professional expertise, and help Wartburg students understand the working world.
- Get reacquainted with current Wartburg news and interact with students.
- Meet students who could potentially become great candidates for future employment.

How many students would I host?

This is up to you. If you are willing and able to host more than one, you are welcome to do so.

How much preparation does hosting an Orange Connection student require?

The amount of time you spend as a host will vary. It may take some initial set up with your place of employment. In addition, time is needed to determine what aspects of your position you want to share with the student(s) and if any other colleagues or departments should be involved so the student(s) can get an in-depth view of your career field.

What should I do with the student(s) during the job shadow?

The student(s) should be involved in the day-to-day activities of your office/department (i.e. meetings, conference calls, projects, etc.) that will provide them with insight into your career field. The student(s) do not have to be with you the entire time. You can set up meetings with other colleagues or departments to give the student(s) a more well-rounded view of the company or organization. You also can give the student(s) a project to work on for the duration of the job shadow.

The Willis Tower, formerly known as the Sears Tower, captivates students year after year, and many pay a visit to the 103rd floor to gaze upon the city.

Des Moines Orange Connection participants toured the Iowa State Capitol building.

Where does the student stay during Orange Connection?

Wartburg alumni and friends of the college host the students. The students are responsible for getting to and from your place of work.

Does it cost me anything to participate as a host?

No, professional hosts are not expected to provide meals or transportation.

How will I be matched with the student(s), and when will I be notified?

An internal committee of Alumni and Career Services staff reviews the applications and matches students based on their application materials. Professional hosts are notified of their student participant(s) in late March or early April.

How can I provide feedback?

You will be asked to complete an evaluation after the program.

What if I need to cancel?

If some unforeseen event occurs that requires you to cancel, notify your student and college contact.
